We all know that spring cleaning is a great way to shake off the gloom of winter, but did you know that it also has some very real physical and psychological benefits? A thorough cleaning of dust and dirt will help you avoid sicknesses, asthma, and allergies. In addition, a deep cleaning each spring allows you to mentally clear negative energy and allow for new beginnings. With that in mind, Young Living is giving you the opportunity to get three of our best cleansing products for FREE!

Thieves Household Cleaner: While bacteria and mold can be dangerous, some industrial cleaners pose an even larger threat to your health. Thieves Household Cleaner is a non-toxic, biodegradable, all-purpose concentrate that uses therapeutic-grade essential oils as emulsifiers and germ killers.

Thieves Spray: This convenient, pocket-sized spray is ideal for use on all surfaces in your home to protect from dust, mold, and other undesirable microorganisms. It's also perfect for use on the go to sanitize public surfaces.

Citrus Fresh: When diffused, this proprietary essential oil blend both purifies the air and adds a clean, fresh scent. The combination of orange, grapefruit, tangerine, lemon, mandarin, and spearmint will energize your spirit and welcome feelings of spring and new possibilities.
